

The setting for the **UIS Irish Plaza** is a triangular-shaped piece of land owned by the Michigan Department of Transportation (MDOT). MDOT granted the UIS permission in 2001 to use the property for a commemorative plaza.

The intent is to finance the construction and maintenance through the sale of various elements of the landscape and hardscape. Approximately 2,200 dedication pavers are the primary components of the plan.

There will be three levels of donation - Gold, Silver, and Bronze - based on the proximity to the trefoil dais and three flagpoles in the southeast corner of the plaza. A Bradford Pear tree surrounded by contrasting color pavers and four mushroom-cap shaped seats will delineate each of the areas.

Donation options include clay brick pavers in two sizes: 4" by 8" or 8" by 8"; granite pavers in an 8" by 8" size; granite seats atop the stone wall fronting the planting beds along the John C. Lodge Expressway right of way; three granite and stone steps that lead up to the flagpoles; the flagpoles themselves (United States, Michigan and Ireland); and three pear trees. In addition to the options and pricing on the facing page, future donation opportunities may be made available, ranging from \$1,000 to \$7,500. Please contact the Committee for additional information on all of the above items, at uisirishplaza@juno.com or 313-963-5745.

The **UIS Irish Plaza** will be the starting point for all future St. Patrick's parades. It will also be a lasting memorial to the ancestors, friends, and organizations which comprise the Irish in Detroit and Southeastern Michigan.

Order Form

4" x 8" Clay Brick Paver 3 Lines; 14 characters (max) per line

Gold Zone	\$ 150	<input type="checkbox"/>	For Office Use
